

# IRONWORKS GOLF ACADEMY

# HALF DAY & FULL DAY GOLF SCHOOLS

Golf schools are a great way to improve your game in a small group setting. During our half day schools we spend four hours in the morning working on key fundamentals of the short and long game, followed by lunch. Full day golf schools include a morning dedicated to the scoring game, lunch, full swing presentation, industry technology, and on-course play.

The Ironworks Golf Academy offers instruction indoors and outdoors. Each golf school will utilize certified instructors, state of the art technology, and five-star facilities.
